Reminder

- DEFO = FLEX
- FLEX = DEFO
- Samo - Samo
- Just different terminology
- The DP is always the DP

About the Twins - DP/DEFO-FLEX

- You can't have one without the other
- Special privileges with restrictions
- DP is the dominant Twin - she was born 1st
- DP has more privileges
- DEFO-FLEX is the weaker sister - she was born last
- DEFO-FLEX has fewer privileges

About the Twins - DP/DEFO-FLEX

- If Twins in game - must be in starting lineup
- If not in starting lineup - will never have Twins in the game
- Each Twin lives in her own slot in the lineup

About the Twins - DP/DEFO-FLEX

- DP is an Offensive Position
- DP must play offense to be in the game
 - Has not left the game until has left offense
- DP can never play just defense

About the Twins - DP/DEFO-FLEX

- DEFO-FLEX is an Defensive Position
- DEFO-FLEX must play defense to be in the game
 - Has not left the game until has left defense
- DEFO-FLEX can never play just offense

About the Twins - DP/DEFO-FLEX

- Each Twin can leave her slot in the lineup and return to the same slot once
- This is the Re-entry
 - Same as any starter
 - Same as any sub

Privileges for Both Twins

- Each Twin may play for her sister
- DP can play defense for DEFO-FLEX
- DEFO-FLEX can play offense for DP
- But they cannot play for each other at the same time
- If a Twin plays for her sister - she forces her sister to leave the game

Privileges for Twin-DP

- DP can play defense for **ANY** player in the lineup
 - Not just her sister - DEFO-FLEX
- That player continues to bat but does not play defense
- She has **NOT** left the game
- She is like a “position” player
 - She holds that position in the lineup

Lesser Privileges for Twin-DEFO-FLEX

- DEFO-FLEX can only play offense for her sister - DP
- DEFO-FLEX **CANNOT** bat for any other player

Keys to the Twins

- DP **CANNOT** play just defense
- DEFO-FLEX **CANNOT** play just offense
- DP & DEFO-FLEX **CAN** play defense at the same time
 - Remember the “position” player
- DP & DEFO-FLEX **CANNOT** play offense at the same time

Keys to the Twins

- A substitute for a Twin “becomes” that Twin
 - The subs has all the privileges the Twin had
- When the Twins play for each other there are only 9 in the game
- The game can go from 10 to 9 and 9 to 10, back & forth all game long

Givens for the Twins

- An “X” stands for a Twin
- An “X” can only appear in the DP or tenth slot in the lineup
- An “X” in the DP slot means the DEFO-FLEX is playing offense for the DP
- An “X” in the DEFO-FLEX slot means the DP is playing defense for the DEFO-FLEX
